GASTON BOISSE'S
NARROW ESCAPE

Yardley at Work But Longing for
Hawaiian Skies—Artist
Freck Goes East.

(Special to the Advertiser.)

SAN FRANCISCO, June 28.—Gaston J. Boisse, foreman of the Hawaiian Gazette Company's press room, has had a narrow escape from death. Boisse has been for five weeks at the French hospital here, ill with typhoid fever. He is now convalescent, and expects to return on the Alameda which leaves here on July 12. Boisse has lived in Honolulu for six years and came up here for his first visit home in that time on April 21. He had lots of fun for a fortnight, and then was stricken down. Only his athletic training saved him from passing away. Boisse was delirious for many days, and once while under the impression that he was being killed by the hospital attendants, he leaped out of bed and hurled himself at the nurse, Alphonse Diderot. Alphonse was badly bruised and ran for his life. This gave the head nurse an opportunity to ask: "What is Gaston after?" and the pursued a chance to answer: "After me, your dear Alphonse!" Boisse is still weak but is gaining flesh at the rate of a pound a day. He will spend a few days with relatives at Corte Madera before he sails for Hawaii.

Charles Guest, who has been the representative of Milliken Brothers' Iron work in Honolulu, has recovered from an operation for appendicitis. Guest is well known in Hawaii. He was taken ill here and went to the Waldeck Hospital. Now he will have the great pleasure of taking his vermiform nodule to South Africa in his pocket. It has become quite the fad to have one's extracted appendix mounted suitably as a pocket-piece. In New York there is a social club formed of those who are minus this useless part of one's anatomy, and at the meetings of the members they take delight in reciting their experiences under the surgeon's knife.

H. C. Freck, formerly of the Advertiser's art staff, and who has been making a series of funny pictures for the colored supplement of the Sunday Chronicle, has gone East. Freck made a big hit here, but considered the opportunities in the East superior. He has developed as a cartoonist very much since leaving Honolulu, and undoubtedly has a brilliant future.

Ralph O. Yardley, who earned fame as the Advertiser's cartoonist, has taken a desk in the Chronicle's art room, at least for a while. Yardley has been spending several weeks with his family in Stockton, and is now just getting down to work again. He longs for the sunny skies of Hawaii, and it would not surprise me if he journeyed down there again within a year.

An editorial paragraph in the Chronicle explains the foolish error made in the newspapers which stated that Judge Estee's wife had died in New York, as follows: "It appears that the Brooklyn Eagle was responsible for the publication of the erroneous story that a former wife of Judge Morris M. Estee had died in a boarding-house in that city. Just how the blunder was made is not clear, but it was doubtless due to the fact that the office of the Eagle is infested by some one who thinks he knows something about California affairs. Not long ago the Eagle published a story regarding the pastor of Emmanuel Church in this city which it was compelled to retract. The two yarns bear the same earmarks, and probably had the same origin."

FREDERICK O'BRIEN.

DUMMY AERONAUT
CAUSED ALARM

Dropped Into Ocean off Kewalo
and the Relief Expedition
Searched for Body.

The flight of a parachute, with the figure of a man dangling beneath it, across Kewalo and the rapid descent of the same into the ocean the other evening, caused much apprehension among residents on the upper slopes of the city and on the beach, and fears were entertained that Leonard, the daring balloonist, had met the fate of Van Tassel. Telephones were burned at both ends, and the newspaper offices and harbor stations were notified that a man had dropped from the parachute into the breakers. Reporters were at once sent out to learn the fate of the parachutist, and the town scoured for definite information. No one seemed to know whence the ascent was made. Leonard, the aeronaut, could not be located, and for a long time the search was kept up. No one along the Ka-

A MYSTERIOUS APPEARANCE

IN THE QUIET LITTLE VILLAGE OF
WILSEY, KANSAS.

A Strange Event With a More
Wonderful Sequel—Its Effect
on the After-Life of
One Woman.

About six years ago a stranger, a woman, came to the little village of Wilsey, Kansas, to live. This was the important link in a chain of events which set the whole town wondering. Mrs. Rachael A. Gardner, the person whose life was most affected by it, tells the story.

"It was very strange," she says. "I never could tell what caused it and neither could anybody else. For a long time I had bad spells with my stomach. The pain would commence about my heart and was so deadly agonizing that I would have to scream aloud. Sometimes it would last several hours and I would have to take laudanum to stop it. Besides this I had a headache almost constantly, day and night, that nearly crazed me and hemorrhages caused by the change of life, so you see I suffered a great deal. And when I think of the agony it still makes me shudder."

"Doctors, did you say? Their medicine made me sicker. I couldn't take it and I kept growing worse until this lady came to our village. She advised me to take Dr. Williams' Pink Pills for Pale People and I did. I only took half a box before I began to feel better and after taking the rest, was wholly converted to this wonderful medicine. It did me more good than I had ever hoped for. I kept on with the pills and now I recommend them to all who suffer."

The pills which cured Mrs. Gardner have accomplished as wonderful results in hundreds and hundreds of other cases just as severe. They are an unfailing specific for locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, after-effects of the grip, palpitation of the heart, pale and sallow complexion and all forms of weakness either in male or female. Dr. Williams' Pink Pills for Pale People are sold at all druggists, or will be sent direct from Dr. Williams' Medicine Co., Schenectady, N. Y., postpaid, on receipt of price, fifty cents per box; six boxes for two dollars and a half. Send for free booklet of medical advice.

Kaako and Kewalo beaches had seen the parachute fall.

Herbert Young, the launch man, was notified, and he started off to the Kewalo beach in his swiftest boat. It was almost dark when he rounded in toward the shore. There were several Japanese fishermen had seen aught of a balloonist or a parachute. For more than an hour Young patrolled the shore and finally gave up the quest.

Young learned yesterday that a trick had been played by some practical jokers on the public by the use of a dummy. The parachute was in reality a big paper balloon, to which was attached a dummy man. A slow fuse was lighted when the balloon was sent up from near Punchbowl, and about the time it was over Kewalo the fuse had burned down to a string holding the dummy to the balloon. When the balloon was released the figure fell into the sea.

BEFORE WE CAN

use them, iron and gold must first be got out of the ore. The same principle applies to cod liver oil. Its virtues are not in its fatty matters; much less in its sickening taste and smell. No consumptive, or sufferer from any other wasting disease, was ever greatly benefited by the so-called "plain" cod liver oil. The shock it gives to the nerves, the repulsion and disgust it excites in the stomach, the outrages it commits upon the senses of smell and taste, are enough to spoil any medicinal potency that may be in it for the majority of people. This—to say nothing about its being indigestible. Yet there has always been reason to believe that, among the elements which form cod liver oil, there existed curative properties of the highest value. But it was necessary to separate them from the nauseating waste material with which they were combined. This was successfully accomplished in WAMPOLE'S PREPARATION and in this effective remedy, made palatable as honey, we have the very heart and soul of Pure Cod Liver Oil, combined with the Compound Syrup of Hypophosphites, Extracts of Malt and Wild Cherry. These constitute a tissue builder, a blood purifier, a health renewer beyond comparison. Disease yields to it with a completeness and rapidity which astonishes medical men quite as much as it delights their patients. In all wasting conditions, Scrofula and Blood Disorders, La Grippe, Chronic Bronchitis, Pulmonary Affections, etc., it never fails to relieve and cure. Dr. Louis W. Bishop says: "I take pleasure in saying I have found it a most efficient preparation, embodying all of the medicinal properties of a pure cod liver oil, in a most palatable form." It stands in the front rank in the march of medicine. Effective from the first dose. Sold by all chemists here.
